Summary

Experienced web developer looking for new challenges and opportunities. Drop me a line if interested.

Experience

Web developer
CZECH NEWS CENTER a.s.
Jan 2014 - Present (7 years 2 months +)
Long-term web development contract work for Czech News Centre, one of the larger media houses in the Czech Republic.

Projects:

E15 Stocks Chart App
Dec 2020 – Present

Project descriptionStock app for financial news site E15 written in React and Chart.js. Work in progress.

E15 Premium (https://e15.cz/e15-premium)
Dec 2020

Subscriber-only section of financial news site E15. Utilizes modern, performant composite CSS transitions.

E15 Discussion Forum (https://www.e15.cz/)
Nov 2020

Development of a global E15 article discussion forum using existing codebase borrowed from iSport.

iSport Smart TV App
2019

Project descriptionSupplying match data in JSON format to iSport's own Smart TV app.

Blesk Mobile Homepage (https://blesk.cz/)
2018

Mobile version of premiere tabloid website Blesk (homepage only). The javascript-based component abstractions use a custom javascript framework that I came up with at the time (inspired by Vue and React) out of necessity for an inter-component communications layer.

iSport Live Notifications (https://isport.blesk.cz)

2018

Real-time match updates for sports site iSport, based on web sockets and built with Socket.io on the backend and Backbone.js on the frontend.

iSport LIFE (https://isport.blesk.cz/isportlife)
2017

Outdoor activity tracking app for your phone. I've worked on a Node.js based push notification service that sends status updates to the iOS version of the app through Apple's APN service.

Online Magazine Reader App
Feb 2016

Javascript-based online reader app of digitally archived magazines, including Reflex, E15, Blesk, and iSport.

Tipsport Extraliga
Aug 2015

Complex browser game built with AngularJS. Derivate of Fanliga (see below).

Note: Discontinued, "See project" hyperlink points to an article promoting the app, with a few screenshots.

Gambrinus Fanliga
2014 – 2015

AngularJS-based Single Page App, Fanliga is a browser game that lets you manage your own soccer dream-team. Game featured a score and ranking sys

Web Developer
Refresh, s. r. o.
Sep 2011 - Dec 2013 (2 years 4 months)
Full-time frontend job for Prague based web development studio Refresh.

Projects:

Cinestar.cz
2013

Czech movie theatre chain's website.

Equabank.cz
2013

Frontend development of Equabank's website.

Fond Otakara Motejla

2013

Non-profit fund raising site.

Note: Defunct

Equabank credit calculator
2012

HTML frontend of a Java (Liferay, ZKoss) based loan calculator app for Equabank.

Note: Superceded

Neoluxor.cz
2012

Website for popular czech bookstore.

Note: Superceded. "See project" hyperlink points to Refresh's project reference page.

O2 Annual Report
2012

Interactive annual report for O2 as a single page app built on top of AngularJS.

Web Developer
Equa bank a. s.
May 2012 - Oct 2012 (6 months)
Short-term contract work on a loan calculator app for Equa bank.

Graphic Designer
BigBrands
2012 - 2012 (1 year)
Corporate identity and advertising material design for then-startup BigBrands, a fashion reseller.

Web Developer
Seznam.cz
Jul 2011 - Aug 2011 (2 months)
Short-lived job at Seznam, the single largest Czech search engine operator, as part of their web development team.

Projects:

Seznam Obchodní Systém
2011

Frontend development of a client side GUI for Seznam's SOS (Seznam Obchodní Systém), a web platform for managing advertisements on the company owned sites, using Seznam's own JAK framework, written in javascript, which I've also had the opportunity to extend with more features.

Web Developer, Graphic Designer
Hachette Filipacchi Media
Aug 2009 - Jun 2011 (1 year 11 months)
Part-time web development, part-time graphic design job at media house Hachette Filipacchi (eventually bought out by Burda Media).

Projects:

Apetitonline.cz (https://apetitonline.cz)
2011

Complete graphical overhaul and frontend development of popular online recipe site Apetitonline.

Note: Superceded

Web Developer
TOVARNA.CZ s.r.o.
Nov 2008 - Jul 2009 (9 months)
Dipping my feet into the web development ocean at Prague based studio Továrna.

Projects:

Absolutin.cz
2009

Website for insurance company Absolut-In.

Note: Defunct, "See project" hyperlink points to Tovarna's project reference page.

Koupelnynaklic.cz
2009

Note: Defunct, project link points to Tovarna's reference site

Obkladyadlazby.cz
2009

Note: Defunct, project link points to Tovarna's reference site

Rubikon.cz
2009

Note: Defunct, project link points to Tovarna's reference site

Cecolegno.com
2008

Note: Defunct, project link points to Tovarna's reference site
